- Synthetic Material
- Sizes are upon request.
- Anti Clog CDC and water conditioner tablets.

BRACKETS

- Bearing Brackets
- Motor Brackets

BEARINGS

- Ball Bearing
- Oil Bearing
- Flange Bearing - 2 Bolt and 4 Bolt
- Pillow Block Ball Bearing

MOTORS

- Single Shaft
- Double shaft
- We carry A.O. Smith, Fasco, Marathon and More

COILS

- AC Coils
- Heat/Water Coils
- Sizes are per custom drawing.

SHAFTS

- Solid Shaft
- Hollow Tube
- Sizes are Per custom Drawings

HUMIDIFIERS/DEHUMIDIFIERS

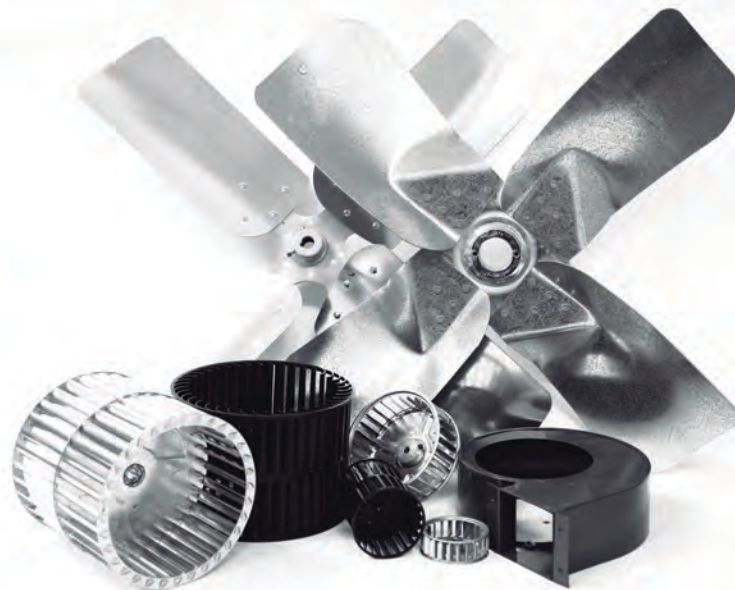

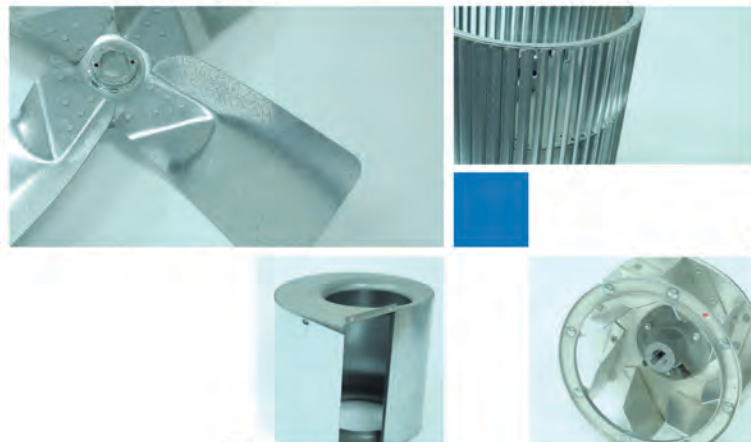

- Industrial
- Commercial
- Residential

PULLEY

- Available in 1 - 3 Groove
- 2" -18" Diameter
- A Belt or V Belt
- Adjustable or Fixed Hub

ABOUT US

Martin Jacobs founded Humidaire Company in 1959. His journey started with an oil truck in the 1950's serving the South and West Philly sections of Philadelphia.

As the need grew for HVAC parts and particularly the filters that were being used in the heating systems he began stocking the parts so that they were readily available.

Over 50 years and three generations later Humidaire has been a key player in the HVAC parts market Locally Regionally Nationally and Internationally with a focus upon the Hard to Find Part.

Humidaire takes pride in having our 10,000 sq ft. warehouse fully stocked with standard and Hard-to-Find HVAC parts ready for immediate shipment. By stocking these parts in addition to stocking our customers regular items we are able to supply parts faster than anyone else including the Manufacturer. Martin Jacobs has set the path for dedication and care for customers that have forged long lasting relationships for decades.
